

# RISK DISCLOSURE STATEMENT

## Introduction

Any reference to "TagorTrade", the "Company", "we", "us", or "our" refers to Tagor Trade Ltd, a company incorporated in the United Kingdom, with Registration Number: 09133368.

This Risk Disclosure Statement (the "Statement") outlines the inherent risks of the Products and Services available on the TagorTrade Platform. All Clients must carefully read and understand this Statement before deciding to open a trading account with TagorTrade and before commencing any trading activity. Clients should, under no circumstance, trade without understanding the risks involved, or risk more than they are prepared to lose.

YOU SHOULD CAREFULLY READ AND CONSIDER THIS STATEMENT AND THE TAGORTRADE GENERAL TERMS AND CONDITIONS BEFORE OPENING A TRADING ACCOUNT OR ENGAGING IN ANY TRADING ACTIVITY. IF YOU HAVE ANY QUESTIONS OR UNCERTAINTIES, YOU SHOULD SEEK INDEPENDENT LEGAL OR FINANCIAL ADVICE.

IF ANY OF THE FOLLOWING DISCLOSURES ARE UNACCEPTABLE TO YOU, YOU SHOULD NOT USE THE TAGORTRADE TRADING PLATFORM OR ENGAGE IN ANY TRADING ACTIVITY WITH TAGORTRADE.

TO THE EXTENT PERMITTED BY LAW, YOU AGREE NOT TO HOLD ANY OF THE COMPANY AND ITS RESPECTIVE PAST, PRESENT AND FUTURE EMPLOYEES, OFFICERS, DIRECTORS, CONTRACTORS, CONSULTANTS, EQUITY HOLDERS, SUPPLIERS, VENDORS, SERVICE PROVIDERS, PARENT COMPANIES, SUBSIDIARIES, AFFILIATES, AGENTS, REPRESENTATIVES, PREDECESSORS, SUCCESSORS AND ASSIGNS LIABLE FOR ANY LOSSES OR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES ARISING FROM, OR IN ANY WAY CONNECTED, TO THE TRADING WITH MARGIN, INCLUDING LOSSES ASSOCIATED WITH THE TRADING WITH MARGIN.

### 1. Nature of Leveraged Products

1.1. Leveraged products are traded off-exchange or Over the Counter ("OTC"); this means TagorTrade is at all times the counterparty to Client trades and any trades entered into with TagorTrade can therefore only be closed with TagorTrade. Your ability to open and/or close trades is dependent on the availability of our service to your Jurisdiction.

1.2. Leverage multiplies User profits but also potential losses and can have a significant impact on Fees. It also places the User at risk of losing more than his/her initial investment.

1.3. You understand that you are not entitled to the physical delivery of the underlying instrument of the leveraged product you are trading, and you have no rights in the underlying instrument.

### 2. Market Risks

2.1. TagorTrade enables you to use leverage to open a trade by depositing a fraction of the total trade value; this means that a relatively small market movement may lead to a proportionately much larger movement in the value of your trade.

2.2. Markets may fluctuate rapidly to reflect events that are outside the control of the Company and/or your control; as a result, prices will become volatile. This can be caused, for example, by unexpected economic events or market announcements, within or outside trading hours. In addition, if prices move against you, this will have a direct and real-time impact on your trades, which may automatically stop out.

2.3. Consequently, TagorTrade may be unable to execute your instructions at the requested price. Therefore, even 'stop-loss orders', whereby your trade will be executed only when the instrument you want to buy or sell reaches a particular price (the stop price), cannot guarantee the limit of loss. 'Stop-loss orders' are not guaranteed to be filled at the price you state. Once the 'stop-loss orders' have been triggered, it turns into a market order, which is filled at the best possible price. This price may be lower than the price specified by the 'stop-loss orders'.

2.4. Past performance, simulation or prediction does not constitute an indication of future results. You should note that the value of your investment can decrease or increase as the market price of the underlying asset may fluctuate downwards or upwards.

2.5. Some of the instruments may not become immediately liquid as a result of reduced demand for the underlying instrument and Client may not be able to obtain the information on the value of these or the extent of the associated risks.

### 3. Margin & Liquidation Risks

3.1. You should be aware of the implications of leveraged products trading and in particular the specific margin requirements which are applied thereto. You shall be required to deposit funds ("margin") in your trading account in order to open a leveraged position and the funds deposited should reflect the specific margin required.

3.2. You shall be able to see the margin requirements and fees for each individual instrument before you begin trading. Such information shall be available within the Fees Section on the TagorTrade Website. Margin requirements will depend on the underlying asset, level of leverage applied, and the value of position to be established.

3.3. The Company has no obligation to inform you about the critical margin utilization levels. It shall be your sole responsibility to maintain sufficient margin on your account at all times in order to avoid stop-out.
